

Communication Calibrate

.....Amplifying Your Abilities with Tekvocation

About Communication Calibrate (CC):

Tekvocation's flagship training program, Communication Calibrate (CC), is a tailored initiative designed to propel employees toward career excellence. This immersive program is crafted to bridge the gap between current skillsets and client requirements. CC focuses on elevating English language proficiency and communication skills through a series of comprehensive sessions.

Objectives:

1. **Enhance Job-specific Skills:** Elevate technical and operational proficiency essential for excelling in specific roles.
2. **Cultivate Leadership Competencies:** Deliver specialized leadership training to empower managers and supervisors in effectively guiding and motivating teams.
3. **Promote a Culture of Continuous Learning:** Encourage ongoing professional development within the organization by fostering a dynamic learning culture.

Training Framework:

The CC training program boasts a unique framework tailored to meet specific requirements. Each session serves as a comprehensive guide, boosting employees' confidence and skills.

Training Evaluation and Feedback:

- Pre, Interim, and Post-Training Assessments: Assess employees' knowledge and skills before and after training to measure improvement and identify areas for further development.
- Feedback Surveys: Participants are encouraged to provide feedback on training content, delivery methods, and overall effectiveness.
- Performance Monitoring: Track the impact of training on job performance through performance evaluations and key performance indicators.

Elevate your career with Communication Calibrate - where learning meets excellence!
